(54) OXIDATION COMPOSITION FOR TREATMENT OF KERATINOUS FIBER, CONTAINING SPECIFIC AMINOSILICONE

(57)Abstract:

PROBLEM TO BE SOLVED: To provide an oxidation composition having excellent conditioning and residual effects without damaging the strength and uniformity of permanent styling, dyeing and bleaching effects, and for imparting good beauty characteristics to the hair.

SOLUTION: This oxidation composition contains an aminosilicone represented by formula (I) or (II) in a cosmetically acceptable medium.

LEGAL STATUS

[Date of request for examination]

08.11.2002

[Date of sending the examiner's decision of rejection]

[Kind of final disposal of application other than the examiner's decision of rejection or application converted registration]

[Date of final disposal for application]

[Patent number]

[Date of registration]

[Number of appeal against examiner's decision
of rejection]

[Date of requesting appeal against examiner's
decision of rejection]

[Date of extinction of right]
